

Whitechapel Gallery First Thursdays

Late night art on the first Thursday of every month in east London

March's Walking Tour begins at **Whitechapel Gallery**. Explore visions of the future created by 10 pairs of leading architects and artists in our major exhibition *Is This Tomorrow?* (tickets available from the Info Desk). View our ongoing free exhibitions: *"la Caixa" Collection of Contemporary Art: Selected by Enrique Vila-Matas*, *Sophia Al-Maria: BCE*, *Ulla von Brandenburg: Sweet Feast* and *Staging Jackson Pollock*.

Next stop is a short walk to **Spitalfields Studios** (4 min) to see *Iconicus Animarum*, a display of original Iconography artefacts of Byzantine icons by artists Nelson Ferreira, Korana Celan and Stasa Celan. Second stop is **5th Base Gallery** (5 min) for *NO MORE HOME-WORK!* an exhibition on the experiences of South Asian families and the struggles facing women and young girls. Finally, head to **Autograph ABP** (16 min) *The Space Between Things* where Phoebe Boswell reflects on the rupture of her physical, spiritual, and emotional health. Also on show is *SUBMIT TO LOVE STUDIOS SHOWCASE*, a group exhibition of artists, all of whom have survived brain injuries.
