First Thursdays

Late night art on the first Thursday of every month in east London

April's Walking Tour begins at **Whitechapel Gallery**. Explore visions of the future created by 10 pairs of leading architects and artists in our major exhibition *Is This Tomorrow?* (Tickets are available from the Info Desk). View our free displays including the newly opened *Queer Spaces: London, 1980s – Today*, "la Caixa" *Collection of Contemporary Art: Selected by Enrique Vila-Matas* and *Sophia Al-Maria: BCE*.

Next stop is a short walk to **Caravansérail** (12 min) to see *Dying Flowers*, a solo photography exhibition by Gaëtan Bernede. Second stop is **Espacio Gallery** (3 min) for a group exhibition, *Boundaries & Beyond*. Finally, head to **SCAN** (16 min) for *NEO GODS AND HYPER MYTHS*, where artist Ira Lombardía focuses on the drifts of language and digital semiotics.
